LONDON, Oct. 10.—It is reported from Vienna that the Austro-Hungarian ministerial council has decided to introduce a national autonomy "in order to make President Wilson's stipulation an accomplished fact," says an Exchange Telegraph despatch from Copenhagen today.

A movement favoring a proclamation separating Hungary and Austria is making extremely rapid progress among the public in the dual monarchy, according to an Exchange Telegraph despatch from Zurich.

PLANS ALREADY MADE FOR SEPARATE NATIONS
Count Theodore Bathory, former minister in the Hungarian cabinet, speaking at Budapest, emphasized the necessity of bringing about a separation between Hungary and Austria.

Czech newspapers declare that preparations are under way for the regular working of a further Czech state and identical statements are being published regarding the Yugoslavs.

Telegrams from Warsaw announce that a proclamation is about to be issued for the union of all Polish territories into a Polish state.

The congress of German associations in Austria, advises say, has resolved to favor the creation of a German state in Austria.

MAXIMILIAN TO SPEAK TO REICHSTAG SATURDAY
COPENHAGEN, Oct. 10.—Absolute political confusion prevails in Austria, according to telegrams received today from Vienna and Budapest.

(For some time there have been reports of political unrest in Austria.)

The German chancellor will address the Reichstag Saturday, according to copies of the Berlin Tagblatt received here today.

According to a semi-official report from Berlin, the resignation of General von Stein as Prussian war minister has been accepted. Major-General Scheuch, it is said, has been appointed his successor. General Scheuch has been at the head of the department of munitions at Berlin since August 5.

"We have reason to believe that a commencement has been made toward peace and that this will be continued," the semi-official newspaper, North German Gazette, states in its comment on the latest phase of the war situation, according to a despatch from Berlin today.

President Wilson's reply to the German peace note was published in Germany on Wednesday night.

DAVIE'S LETTER TO CITY COUNCIL, ANSWERING TRIBUNE'S EDITORIAL

As the Mayor of the City of Oakland I want to answer some of the statements that have been made regarding the trouble that the City Council has had to change the head of the Police Department. I do not seek to defend the police, bickering that gave rise to fake conspiracy charges and the like, but I do seek to defend the cause of decency in this city.

I introduced the ordinance to remove the Commissioner of Public Health and Safety because of the prevalence of vice, which army and navy officials called to my attention and threatened to black-list Oakland for the boys in uniform unless the city was cleaned up.

Do those who accuse this Council of interfering with the Liberty Loan Drive wish to have harmony in the Council while lotteries and prostitution are rampant in the city and our soldier boys in uniform go staggering down the streets? Do those who cry for harmony under cover of the present Liberty Loan Drive stand as defenders of the rottenness that does more injury than a thousand failures in Liberty loans?

I wonder if the gentlemen who speak for harmony are so ignorant in public affairs as to imagine that a gang of vice protectors can be removed without a political turmoil. Is harmony so dear to the people that we must pay the price of debauching our soldier boys and throwing thousands of dollars out of the channels of patriotic subscriptions to the lottery and prostitution kings?

I introduced the ordinance to change the head of the Police Department believing that it would mean a political battle, but I would prefer the battle with all of its distastefulness than to have Oakland become a pleasure ground for our young men in uniform.

To the people of this city and to the members of this Council I appeal to stand by the cause of clean government and be unflinching by the wily cries for harmony that seek to defend the perpetrators of a crime against the people of our city, our boys in uniform and the cause for which they are fighting.

—MAYOR JOHN L. DAVIE.

Mayor Makes Serious Charges; Executive Called on For Proof

EDITORIAL

In answer to the editorial in the TRIBUNE last evening, in which the city commissioners were called upon to stop wrangling and attend to their duties, we have to say that those making sensational charges to the detriment of Oakland should present their evidence to the proper authorities. Mayor John L. Davie today addressed the above communication to the City Council.

The TRIBUNE will gladly co-operate with Mayor John L. Davie and any other city official in improving the moral conditions of this community. Let the evidence of infraction of the law be presented.

The mayor, in his letter, points a dark picture of conditions in Oakland. Evidently he would not malign the good name of this city unless the evidence was in his possession. It is your duty, Mr. Mayor, to turn that evidence over to the district attorney and the grand jury. The Oakland TRIBUNE is at your disposal if conditions are as you set forth.

There has been a feeling among the people generally that the charges being hurled back and forth in the city have been accepted. Major-General Scheuch, it is said, has been appointed his successor. General Scheuch has been at the head of the department of munitions at Berlin since August 5.

"We have reason to believe that a commencement has been made toward peace and that this will be continued," the semi-official newspaper, North German Gazette, states in its comment on the latest phase of the war situation, according to a despatch from Berlin today.

President Wilson's reply to the German peace note was published in Germany on Wednesday night.

KAISER HAS ABDICATED, RUMOR AT STOCKHOLM

Attempts to Make the World Believe Change Is Under Way in Germany Thought to Be Behind New Reports

FOR SECOND TIME RUMOR IS SPREAD

Stockholm Hears German War Lord Has Quit; U. S. Has No Official Word and Doubts the Truth of Yarn

BY ASSOCIATED PRESS.
LEASING WIRE TO TRIBUNE.
STOCKHOLM, Oct. 10.—There is a persistent rumor here that Emperor William has abdicated.

(Rumors of the Kaiser's abdication or serious illness were first current in Europe several days ago. In connection with this it is noted that reports of overthrow of the Hohenzollerns were expected to be circulated at the same time the German peace offensive was launched. Recently the Kaiser was reported so ill that he was forced to cancel engagements. A few days later word was received that he had been at Mannheim to make an address and was forced to flee an air raid, hiding in a cellar.)

BY INTERNATIONAL NEWS SERVICE.
LEASING WIRE TO TRIBUNE.
LONDON, Oct. 10.—Persistent rumors are reaching Stockholm to the effect that the Kaiser has abdicated, according to a despatch to the Post. Serious disturbances are on in Berlin and other German cities, the despatch adds.

LONDON, Oct. 10.—Reports are current that a coup d'etat is likely in Germany in case the latest move for peace should fail, according to a Central News despatch from Rome. The end of the rule of the Hohenzollerns and the possible establishment of a republic in Germany are predicted to follow the failure of the German peace effort.

AMSTERDAM, Oct. 10.—"The will for defense must bond all separate views into one great unity in this grave hour," said the Kaiser in a message to the German people, extracts of which were received from Berlin. He added: "God grant us something of spirit in this war of liberation."

WASHINGTON, Oct. 10.—Press despatches from Swedish sources reaching Washington early today said that there were widespread rumors in Stockholm that the Kaiser had abdicated. There was absolutely no confirmation of the report from any official source. Officials were not inclined to credit it at least at present.

For several weeks there have been rumors current in neutral countries near Germany that the Kaiser had signed his intention of abdicating. These rumors were connected with unconfirmed reports of internal discord in Germany of the gravest proportions. On September 17 last rumors that the Kaiser had abdicated or was about to take such action reached London.

WASHINGTON, Oct. 10.—Rumors that Ludendorff had suffered a complete mental collapse and had been compelled to relinquish his command and that Germany now was making overtures to the Czechs, reached the state department today from representative lives in neutral countries. The rumors were made public without comment as to their authenticity. Regarding the various rumors that the Kaiser either had or was about to abdicate, the department had no information today. Generally speaking officials were inclined to discredit the report.

British Cavalry at Le Cateau; Cambrai Line Left Far Behind; Lille, Douai, Laon Are Flanked

WITH THE BRITISH ARMY ON THE CAMBRAI-ST. QUENTIN FRONT, Oct. 10, 10:30 a. m.—At least thirty German divisions (360,000 men) are in flight on the Cambrai-St. Quentin front.

Vast stores of war materials have been captured. It is impossible to forecast where the British drive will end. German prisoners believe the war is almost over.

The German general retreat very apparently has begun almost overnight.

(By Associated Press)

PARIS, Oct. 10.—More than a quarter of a million Germans now are in full retreat between Cambrai and St. Quentin with the allies hot at their heels, according to the battle front reports today. At some points the advance has exceeded fifteen miles in the last two days.

This forward movement of the allies is regarded as the first step in the great general retreat of the Germans which now seems inevitable, for it is doubtful whether General Ludendorff has such fortified positions on the upper Oise and Cambrai canal as to permit him effectively to resist the exploitation of the victory of the last two days on the allied side.

The success in the Cambrai-St. Quentin section of the front was in a large measure made possible by the splendid achievements of General Gouraud's men and the Americans from Rheims to the Meuse. Because a break in that part of the front would have much worse consequences for the enemy than anywhere else, the Germans concentrated most of their reserves there. General Gouraud not only succeeded in holding them there—in itself a valuable service—but notwithstanding the difficult country and the powerful artificial defenses, he has made and is continuing to make wonderful progress.

Yesterday General Gouraud's forces advanced still farther toward the important juncture of Verviers, while the Americans pushed forward and joined the French south of Grand Pre, thus completing the conquest of the Argonne forest.

The result of Marshal Foch's skillful strategy is that the region of Laon and the St. Gobain massif has become so dangerous that the evacuation of this east and important pocket seems imperative. 3:45 p. m.—The Germans are reported to be withdrawing on wide sectors along the whole 100-mile front between Cambrai and Rheims. They are employing countless machine guns to slacken the allied push.

Toward Guize the allies are accentuating their progress and are reported to have reached the Sambre-Oise canal.

(This represents an additional advance of about four miles northeast of St. Quentin).

The railway from Laon to Maubeuge via Guize is now under fire. Northeast of Vailly, General Mangin is advancing on the roads toward Corronne.

PARIS, Oct. 10.—French troops last night continued the pursuit of the Germans in the region east of St. Quentin, the war office announced today. They have passed Fontaine Notre Dame and Beaureux.

In fighting north of the Aisne French pressure resulted in westward movement of the German lines from the Germans, while further east a crossing of the Aisne canal was effected in the region of Villers-en-Franch.

Attacking vigorously in the Champagne, the French captured Liré, two miles west of Monthois.

BRITISH CAVALRY REACHES LA CATEAU.
LONDON, Oct. 10, 3:30 p. m.—British cavalry is on the outskirts of Le Cateau, according to battlefront despatches received here this afternoon.

11:55 a. m.—British troops that drove through Cambrai yesterday have reached a point within two miles of the German stronghold at Le Cateau, the war office announced today.

(Le Cateau is about fourteen miles southeast of Cambrai.)

The advance was continued Wednesday night along the Cambrai-St. Quentin front and the Cambrai-Le Cateau road was crossed.

The British have advanced nearly two miles east of Lens, capturing the villages of Sallaumines and Noyelles. The text of the war office report follows:

"During the evening the advance continued. Early in the night advanced detachments established positions across the Cambrai-Le Cateau road within two miles of Le Cateau.

In fighting south of the main road to Cavalry and also east of Cambrai we made further progress.

AMERICANS DRIVE HUNS FROM WOOD IN ARGONNE

Pershing Reports Further Gains West of Meuse Despite All Counter-Attacks; Important Heights Taken

AIREVILLE IS FIRED BY RETREATING FOE

All Positions Captured by U. S. Troops Held and Consolidated; Teutons Rush in Reserves to Stem Defeat

BY ASSOCIATED PRESS.
LEASING WIRE TO TRIBUNE.
WASHINGTON, Oct. 10.—Penetration of the German main line of resistance west of the Meuse by the Americans against fresh enemy divisions is reported on General Pershing's communique for Wednesday.

East of the Meuse further gains were made during the day, in spite of violent counter-attacks, while in the Argonne forest the American forces captured important heights south of Maréchal and joined hands with the French at Lancon. More than 100 additional prisoners are reported.

By NEWTON C. PARKE.
International News Service Staff

WITH THE AMERICAN ARMY NORTHWEST OF VERDUN, Oct. 10.—Aireville, between three and four miles north of the battlefield, north of the Meuse river, in flames today. The Germans evidently set fire to the town preparatory to another retreat.

Two complete German battalions were captured by the Americans south of Tonnai-dun-sur-Meuse and Bantheville.

All of the gains made by the Americans yesterday when they smashed through the Krimmlin line northwest of Verdun were maintained today. The new positions have been consolidated and now the Americans hold the entire Argonne valley beyond.

More than 1500 prisoners were taken yesterday on the center of the fighting front.

There were heavy artillery duels throughout the night, but the infantry operations were confined to the Argonne forest from where the enemy shelled the German positions and the Germans replied with a harassing fire.

ENEMY IS DRIVEN FROM ARGONNE FOREST

WITH THE AMERICAN FORCES NORTHWEST OF VERDUN, Oct. 10.—(By the Associated Press.)—General Pershing's infantry today went into action on the left wing of the Argonne forest front after a violent artillery bombardment lasting all night.

The Germans are throwing in reserves on their left flank, which now has exposed the Argonne pocket. The enemy also is endeavoring to withdraw his troops at other points, so as to retake the line.

The American artillery on the right wing was active all night. The bombardment was particularly effective on the part of the Germans.

In the center the Americans are holding all the advanced positions which they gained yesterday.

The American bombing expedition consisting of 350 machines dropped 32 tons of explosives on German communications in the area between Wavrinville and Damvillers, about twelve miles north of Verdun.

The American bombing exploit marks one of the high spots in the air fleet operations of the war. The expedition were more than 200 bombing airplanes, 100 pursuit machines and 50 triplanes.

POPE'S APPEAL WILL SUPPORT U. S. ON PEACE

WASHINGTON, Oct. 10.—That Pope Benedict will appeal to the world to accept President Wilson's fourteen peace principles was indicated in reports to this government today. These stated that the Pope has selected November 24—All Souls' day—for his move.

In this connection it is significant that the Holy See knew as early as October 3 that Austria would appeal to Wilson for peace, accepting his fourteen points. Despatches further disclose that Austria's plight is serious and that what- ever Germany answers to the President's test of her peace sincerity, Austria and Turkey cannot long survive the growing demands in their countries for an end to the struggle.

This probably accounts for President Wilson's decision to leave Austria in doubt for the moment. Later he will reply to her peace offer, submitted simultaneously with that of Germany—and probably will answer it at more length.

ELDREDGE IS DEAD AFTER WAR SERVICE

Rev. George Granville Eldredge, pastor of St. John's Presbyterian church, died early this morning at his home, 2731 Bonaventure avenue, Berkeley, after an illness of a few days.

Eldredge was among the first of the local clergy to volunteer for service after the declaration of war. Six months ago he was assigned to the Rainbow Division in the Vesper mountains as a chaplain under the Young Men's Christian Association. He was with them when they received their baptism of fire. The strain and unusual activities of the life at the front caused a nervous breakdown. He was ordered home, returning to California on August 12. Immediately he left for the country to recuperate with the hope that later he might return overseas.

Last Sunday was to have been his first appearance in the pulpit of the Coliseum church, of which he is pastor. He was stricken with pneumonia on that day and in his weakened condition was unable to fight off the disease. His death this morning comes as a shock to hundreds of friends outside his congregation.

Eldredge was one of the best known clergymen in California. He was an organizing director of Mills College, a director of the San Anselmo Theological Seminary and a member of the executive board of the Berkeley chapter, American Red Cross. Born in Washington, Iowa.

Eight Burned Or Injured in Military Camp

RAHWAY, N. J., Oct. 10.—Two officers were burned to death, four others were severely burned and two badly cut and burned early today when fire destroyed the officers' quarters of base hospital No. 3 at Colonia, three miles from here.

The dead are:

Captain Warren T. Walker of the medical corps, Syracuse, N. Y.

Captain Fred Toole of the quartermaster's department, Portsmouth, New Hampshire.

The severely burned are Lieutenants Walsh, King, Frazer and Schilling.

Lieutenants Spiegel and Schanowski were badly cut and burned.

The loss by fire is estimated at \$10,000.

AVIATOR IS HURT.

DENVER, Oct. 10.—Lieutenant C. G. McNitt, who flew from Houston, Tex., to Denver in an army airplane last week, was dangerously injured here this afternoon when his plane struck a tree in City Park while he was ascending for an exhibition flight over Denver.

McNitt, who was graduated from the State College in Alabama and later the San Francisco Theological Seminary, before coming to Berkeley he was pastor of St. John's Presbyterian church in San Francisco for nine years. He has been pastor of the Berkeley church ten years. Many of the honors within the gift of the Presbyterian church were offered him, including the office of moderator of the California Synod.

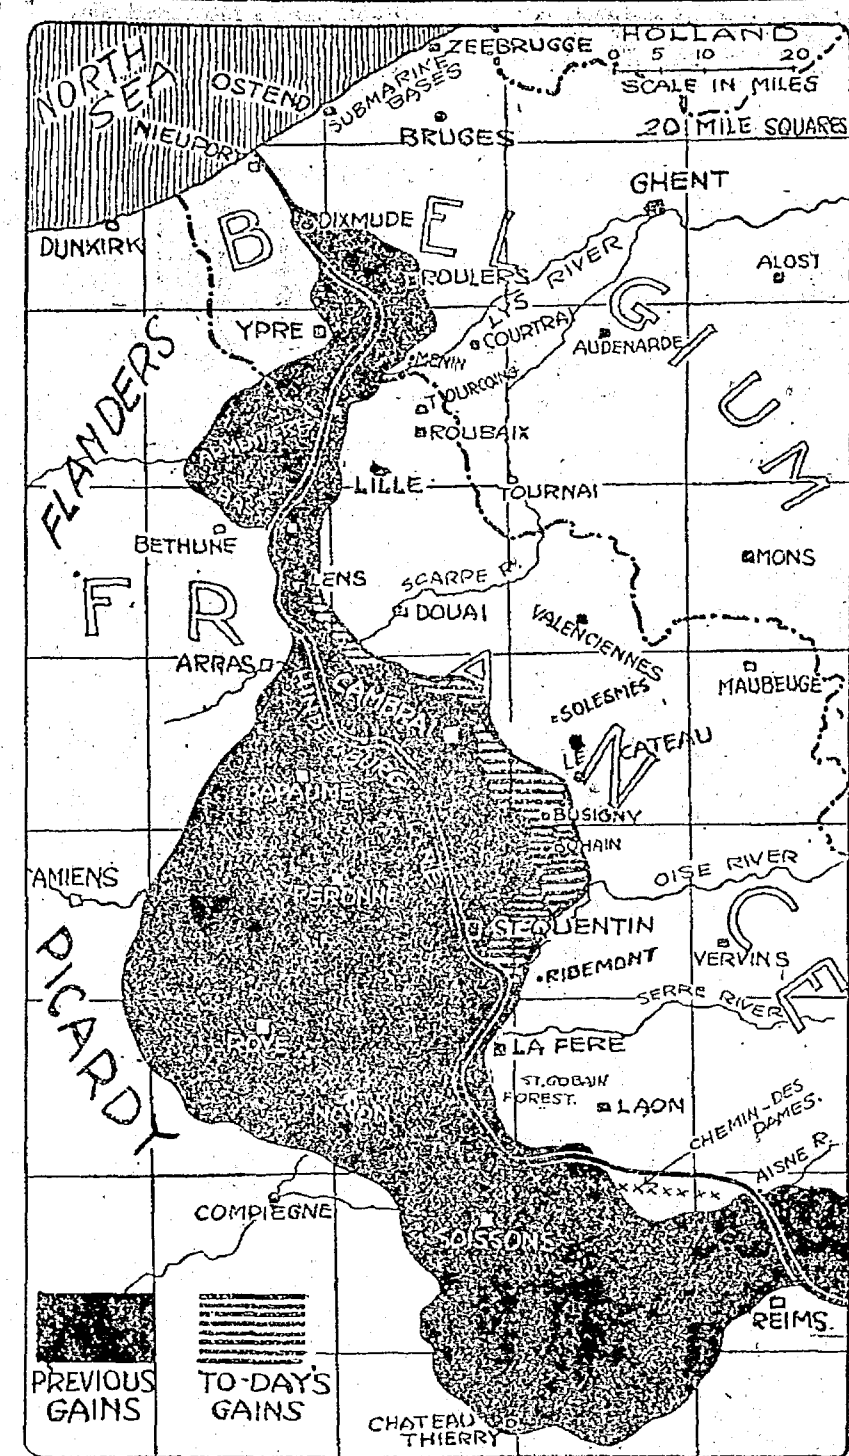

Resides a widow, Mrs. Julia Dorris Eldredge, two sons, George Edwin Eldredge and John Eldredge, survive.

DRAFT ORDER NUMBERS DUE BY TOMORROW

The numbers in the selective service lottery drawn at Washington, by which the order of call of all service registrants will be fixed, will be in the hands of all local boards by tomorrow morning. It is expected by the different boards.

Several copies have already arrived in San Francisco and other cities in California, after having been relayed from the Middle West by telegraph, and the lists mailed from Washington are expected to be distributed at once. They are now in the mails.

Immediately on receipt of the lists the local boards will prepare their "master list" for that board. The number of local registrants will be fixed. The Washington list does not determine the orders of local registrants by their serial numbers, as every number above the highest serial number in each board, or in other words, over the total registration of the given district, must first be stricken from the list, and the remaining numbers will form the "master list" for that board. The "master list" for that board, then, will be arranged in the order specified by the remaining master list and the order of call of registrants thus determined.

30 U.C. CASES OF INFLUENZA; 14 MORE HERE

Fourteen new cases of Spanish influenza had developed in Oakland up to 10 o'clock this morning, according to reports received by the city health department. It is rumored that a few cases have developed among car platform boys at the city hall and among grocers. Very few children have been stricken by the malady within the last few days.

All attacks are mild, according to Dr. Kirby Smith, city health officer. Patients are being isolated and precautions are being taken, Dr. Smith says, to check the spread of influenza. Persons suffering from bad colds are being closely watched for development of symptoms of the disease.

Further precautionary measures are to be discussed at a meeting of the Alameda County Medical Association, which will probably be called soon, according to the health authorities.

BERKELEY, Oct. 10.—Following the discovery of more than thirty cases of Spanish influenza among students, all University of California students were this morning ordered held out-doors wherever practicable as a means of preventing spread of the disease.

President Benjamin Ide Wheeler today announced the indefinite postponement of his annual reception to freshmen students, which was scheduled for tomorrow evening at the president's house on the campus, when the university meeting, announced for Saturday morning in Harmon Gymnasium, was today transferred to the Greek Theater.

No postponement was announced today for the first community song meeting to be held tonight at Harmon Gymnasium, while other gatherings will be held as scheduled unless otherwise ordered.

Most of the influenza cases at the University of California are among women students.

Berkeley's other cases today mounted to eighteen, according to a report by Dr. J. H. Benton, health officer, to the Commissioner of Public Health and Society Charles D. Heywood. None of the cases is serious, according to Dr. Benton, and all have been isolated to prevent a spread of the disease. Dr. Benton said that the disease is being held only in pronounced cases of the malady, serious cases of the malady are being isolated in their homes.

SAN FRANCISCO, Oct. 10.—Forty-four new cases of Spanish influenza were reported to the health authorities here today. This brings the total number of cases in San Francisco up to 153, with 21 suspected cases under observation.

WILBUR MACK & CO.
In "A Pair of Tickets." Wilbur Mack is one of New York's greatest vaudeville stars—his snappy creations have won with Vogue and the latest Teacup Scandal for months in Gotham. And Oakland gets the same act!

ED BRENDEL & FLO BERT
"Waiting for Her." It's a clever, original conceit about a fellow and a girl—up-to-date snappy stuff that the town's going to be talking about!

Bayonne WHIPPLE & Walter HUSTON
In their latest offering, "Snobs." It's a clever combination of originality in which shoes and a few other modern things conspire—and you laugh!

NATE LEIPZIG
The world's greatest Card Conjuror. He won the prize medal of the Magic Circle in London for the best card trick invention—and is the idol of the Society of American Magicians. He blazes your comprehensions—with a pack of cards and a pair of hands.

REV. FRANK GORMAN
"The Singing Parson." The pastor of Spokane church five years ago, Dr. Gorman left the pulpit to sing his message to the theatergoers. He scored one of the biggest hits New York has ever seen. You'll idolize him—all America does.

LOSCOVA and GILMORE
They offer one of the faster, more original kind of things—only you gasp and wonder at.

EMERSON & BALDWIN
the Juggling Comedians, who are all that the name implies.

JAS. J. MORTON
king of the "big time" monologists. Mr. Morton has no act of his own this time—but he'll speak up, and bravely, between every act and announce the next. He's to be a human program. The whole town will be repeating his funny sayings, too.

MAYOR MAKES SERIOUS CHARGE

(Continued From Page 1)

protecting the fair name of this city. If there is a dishonest official, let him be removed forthwith. Come forth with the evidence. Back up the charges.

No Evidence Presented to Me; Declares Decoto

"No evidence that 'Chinese lotteries and vice are rampant in Oakland' has been filed with my office by Mayor Davie or any other city official of Oakland," District Attorney Ezra B. Decoto said today.

"No evidence of graft on the part of any city commissioner or city official has been placed in my hands. The information in my office at the present time indicates that Oakland is about as clean as a city of this size can be made at the present time.

"If any formal charges, or if any evidence tending to establish that a public official is protecting vice or gambling, this office will take the proper action, and no matter who the official may be, will press it matter to a conclusion before the grand jury to establish the facts and to see that justice is done in the matter."

AUTO FATALITY IS PROBED BY POLICE

Investigation is being made by the police of the automobile accident which resulted in the death of Mrs. Margaret Clancy, 588 Brockhurst street, last night. Mrs. Clancy was run down by an automobile driven by Hans Engo, 2535 Tenth street, Berkeley, and Engo probably will be placed under arrest on a technical charge of manslaughter, pending the inquest by the coroner.

The accident occurred at San Pablo avenue and Thirtieth street. According to Engo's statement, Mrs. Clancy had crossed the street in front of his machine, and when nearing the curb, suddenly became frightened, hesitated and without warning started back across the street, directly in the path of the machine, as put on the brakes, but not in time to save her. She was knocked down, and the bones of both legs were broken.

Death might not have resulted in the case of a young person, Mrs. Clancy was 50 years old, and despite the fact that Engo had her taken immediately to the Emergency hospital for treatment, the physicians were unable to save her life. She is survived by her husband, James Clancy.

Engo's account of the accident was corroborated by Alma Taylor, 2531 Tenth street, who was with him in the machine. Mrs. Clancy did not recover consciousness after the accident, and there were no other witnesses.

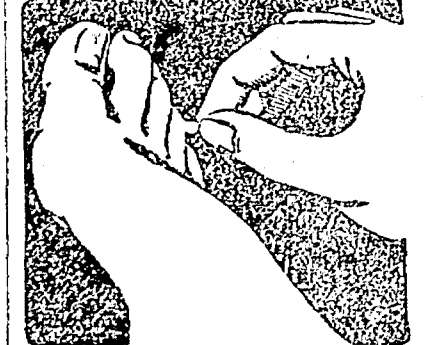

2000 Vaccinated; Smallpox Raging

SACRAMENTO, Oct. 10.—Drastic measures have been taken by the State Board of Health to curb an epidemic of smallpox discovered at Crockett, Cal., Dr. W. H. Kellogg, secretary of the State Board of Health, announced today. More than two thousand persons, including employees of a sugar refinery, some of whom had been exposed to the disease at the company hotel, have been vaccinated, Dr. Kellogg said.

There have been between forty and fifty cases in the town, but no deaths, he said, and between ten and twelve cases were under quarantine today. A health officer and six nurses were placed in charge by Dr. Kellogg, who said he believed the epidemic was under control.

Only One Corn Peeler, "Gets It"

Stop Corn Pains: See Corn Peel Off. It is just when a corn hurts that you want to feel sure about getting rid of it. Why take chances of keeping the corn and having the pain grow worse? You'll use "Get-It" any how, sooner or later.

The One Corn Peeler "Get-It" later, might as well use it sooner. Then you are absolutely sure that the corn will loosen from your foot so that you can peel the whole thing off painlessly with your fingers. In one complete piece—just like peeling a banana. It takes a second or two to apply "Get-It." There's no fussing or putting. Corns will vanish—that'll keep you sweet while the "Get-It" does the rest. Nothing new for corns has been discovered since "Get-It" was born. Follow the judgment of the millions who "Get-It" and be sure to use it on corn and pain free. You'll say it's magic.

"Get-It" the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Sold by E. Lawrence & Co., Chicago, Ill. Sold in Oakland at all stores of The Owl Drug Co.—Advertisement.

JEROME TRYING TO GET HEARING

Attorney J. J. Jerome, candidate, seeking to have his name on the ballot for superior judge, is out of luck today. His attorney, Senator Frank M. Carr, went to San Francisco to arrange for a hearing of his application for a writ of mandamus ordering his name printed. He found that the Appellate court is out of commission through sickness, politics and other causes and has taken an adjournment for two weeks. The supreme court opens a session in Los Angeles Monday and most of its members are out of town.

The writ must be heard today or it will be too late to get Jerome's name on the ballot. He is preparing to have it heard by the superior court late today. He went to the court house for that purpose at noon time.

Jerome contends that the death of Judge Frank B. Ozden automatically places two additional names on the ballot. If the contention is upheld he will go on.

HOUSING SURVEY REPORT IS MADE

Details of the housing survey and of priority building rules, heard last night at a meeting of the executive committee of the Oakland Industrial Housing Committee. The work so far accomplished was reported by Secretary H. A. Lafer making a report.

Lafer has already established headquarters in the labor employment bureau for the government at Tenth and Franklin streets and maintains also his headquarters in the Chamber of Commerce offices, where the rooms are listed, the lists then being taken to the labor bureau.

Plumbing Ordinance Subject of Protest

Complaint on the part of master plumbers and of the United Iron Works against certain provisions in the proposed new plumbing ordinance in consideration of the ordinance being discussed pending conferences with Plumbing Inspector John Bustace. The plumbers protested against the amount of the proposed license.

The iron workers objected to certain restrictions placed upon the use of wrought iron drainage pipe and wrought iron fittings.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly prepared, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays by asking at any drug store for "Weyl's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't say gray. Try it! No one can possibly tell that you darken your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Weyl's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Advertisement.

What is Castoria

CASTORIA is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food, giving healthy and natural sleep.

BLOOMER GIRLS TO BE SHIELDED FROM 'PEEPERS'

HERKLELEY, Oct. 10.—Bloomer-clad girls at Berkeley High School will not be permitted to do their exercising for masculine eyes of fellow students in the future.

A high board fence to screen the outdoor recreation field for high school girls has been ordered into place by the board of education. The girls' recreation field is situated behind the school, where the board desired the continued stream of automobiles makes the erection of a fence to shield the girls imperative.

Protection against the glances of masculine passersby and students will be afforded the girls in a new locker held to be prepared at the school as a new form of outdoor recreation.

He's a Human Program Now! Big Jim Morton in New Role

JAMES J. MORTON, the "Living Program," next week at the Orpheum.

James J. Morton, announcer extraordinary, ambassador of stardom, comes next week to the Orpheum as an added attraction to the regular bill, is a paradox in that he never laughs and seldom smiles.

"It is my business," says Morton, "to make folks laugh and forget their blues; it isn't for me to do the laughing." And this, notwithstanding the fact that Morton cannot see the serious side of life. "There ain't no such thing," says the comedian, "as a serious side of the stage and life that I can see is when I miss train connections and thereby lose a week's engagements. That's serious, either, that's tragic." He's to be a "human program" for the bill next week—he'll introduce every other act, instead of giving an act himself.

A strange man is this hugely proportioned funster. His face is as expressionless as the sphinx. Nevertheless, because of his smiling heart, must be light and gay and it is, but he doesn't show it in that well-known barometer, the face. If one were to judge his profession by his outward appearance one would be justified in putting him down for either a minister or an undertaker. Possessed of an exceptionally keen sense of humor, he sees fun in almost everything. Yet he never laughs. It isn't because of some past tragedy in his life, either. It is merely because it is unnatural for him to laugh. And yet how can he make folks laugh?

Morton's humor is spontaneous. He never prepares an act. He never knows what he is going to do or say until he stands in the glare of the footlights and gazes out upon the expectant sea of faces before him. Where this would make others nervous, it serves rather to stimulate his faculties, to sharpen his wit and he is never so good as when he has a crowd before him. The bigger the crowd the better he works. Morton likes people, crowds, mobs, noise, lights, life, laughter.

He is an old-timer at the game, this prince of entertainers. He may not look it but he has been "playing the fool" for about thirty years. "Of course, I've been silly much longer," said the comedian. "In fact, from the day of my birth, but I won't give you that; it's a trade secret." He recalls the early days when vaudeville was not vaudeville, but the varieties, and he marvels at the swift progress it has made.

Moose Ready for Big Cabaret Show

The members of Oakland Lodge of Moose are looking forward to the big cabaret show which will be held tomorrow evening at the clubrooms. The committee has planned a unique program of many stunts. An illustrated travelogue will be given October 25 by Dr. Charles S. Price, formerly a missionary in Alaska.

CONTRA COSTAN KILLED. RICHMOND, Oct. 10.—Private Walter C. Lamp, eldest son of Mr. and Mrs. Philip Lamp, formerly of this county, was killed in action in France on July 21, according to word received by his parents, who are now residents of Oakland.

Actress Tells Secret

A Well Known Actress Tells How to Darken Gray Hair With a Simple Home Made Mixture.

Joicy Williams, the well known American actress, who was recently playing at the Imperial Theater in St. Louis, Mo., made the following statement about gray hair and how to darken it:

"Anyone can prepare a simple mixture at home, at very little cost, that will darken gray streaked or faded hair, and make it soft and glossy. To a half pint of water add 1 ounce of bay rum, a small box of Barb's Compound, 1/2 ounce of glycerine. These ingredients can be bought at any drug store at very little cost, or any druggist can put it up for you. Apply to the hair twice a week until the desired shade is obtained. This will make a gray haired person look 20 years younger. This is not a dye, it does not color the hair, it merely restores the hair to its most delicate scalp, is not sticky or greasy and does not rub off. Advertisment."

Blackheads are a confession

Blackheads are a confession that you are using the wrong method of cleansing for your type of skin.

Try the treatment given here and see how easily you can keep your skin free from this disfiguring trouble.

Apply hot wet cloths to the face until the skin is reddened. Then with a rough wash cloth, work up a heavy lather of Woodbury's Facial Soap and rub it into the pores thoroughly—always with an upward and outward motion. Rinse with clear, hot water; then with cold—the colder the better. If possible, rub your face for thirty seconds with a lump of ice. Dry the skin carefully.

Do not expect to get the desired results by using this treatment for a time and then neglecting it. But make it a daily habit and it will give you the clear, attractive skin that the steady use of Woodbury's always brings.

To remove blackheads already formed, substitute a flesh brush for the wash cloth in the treatment above. Then protect the fingers with

a handkerchief and press out the blackheads. Thereafter, use Woodbury's Facial Soap in your daily toilet.

See how lovely your skin can be

Get your first cake of Woodbury's today. Begin now to overcome whatever condition is keeping your skin from being as lovely as it should be.

Blackheads, conspicuous nose pores, oily skin and shiny nose, blemishes, a sluggish, sallow skin—treatments for these and others of the commoner skin troubles are given in the booklet "A Skin You Love to Touch" which comes wrapped around the soap.

You will find a 25c cake sufficient for a month or six weeks of any Woodbury treatment and for general cleansing use during this time.

Handicapped rubber lined wash tubs—\$1.75—are two other items that are very popular among those who wish to improve their abode. The men at var-

ious public health and safety organizations have taken great caution against this very serious epidemic, and it is for this reason that we urge our customers to come in here at once to get a hot-water hose, a shower and an atomizer. The cost is trifling when the serious situation is considered.

Pasadena, May 2nd, 1918.

Mr.
Pasadena, Cal.
Dear Sir:

We hold at the present time about \$60,000 worth of first mortgages belonging to you, on which we collect payments for you. We have held as high as \$90,000 of these. We know that you own stock here, and real estate in Iowa, that make you a well-off man. You are what a bank regards as a good customer; and we are indebted to you for past business.

You have not subscribed to either First, Second or Third Liberty Loans. You are not a member of the Red Cross; and so far as we know, are not supporting your country in any way.

You are not only a detriment, but a menace to this community. This bank cannot afford to thrive on such business as yours. We have too many calls from patriotic citizens these days to be willing to extend credit to you in order that you may reinvest at from 7% up. You will therefore please take up your small note of \$300 immediately; also call at the bank and receipt for your securities, and take your business to some bank that has money to lend to German sympathizers.

Yours truly,

W. H. VEDDER
Cashier.

In a recent newspaper advertisement the First National Bank of Pasadena printed this letter, commenting as follows:

"This letter was today mailed to one of our clients. We publish it as indicative of our attitude. In any further extension of credit this bank will make the purchase or non-purchase of an adequate amount of Liberty Bonds a consideration; and while we cannot speak for our associates, we do not believe that unpatriotic individuals are going to do 'business as usual' at any Pasadena Bank."

THE following banks of Oakland concur fully with the above policy. Our attitude toward those able to invest in large amounts of Liberty Bonds and who, through a lack of patriotic interest, are not using their credit to purchase adequate amounts, will be identical with that of the First National Bank of Pasadena.

OAKLAND HEEDS LIBERTY BOND APPEALS

MILLION A DAY OAKLAND SALES NEED

With nine days remaining of the Fourth Liberty loan drive, Oakland is far from keeping up the average that will enable it to make its quota, to say nothing of going over the top. Estimated Sunday, it will be necessary for Oakland to subscribe for nearly \$1,000,000 worth of bonds each of the remaining days of the drive in order to reach its quota.

District	Quota	Subscribed to Date
Oakland	\$13,320,350	\$6,014,600
Berkeley	2,351,700	2,401,500
Alameda	960,750	958,700

BERKELEY, Oct. 10.—Several hundred Berkeleyans joined last night in celebrating the raising of the city's honor flag in the Fourth Liberty loan. Amid the bursting of aerial bombs and the din of anvils, the coveted flag bearing the four bars was hoisted to the top of the large flagpole at the corner of Shattuck and Center street by Mayor S. C. Irving, W. F. Morrish, E. F. Lough, R. H. Henderson, Mrs. R. C. Boone and Leonard Lathrop, champion Boy Scout band salesman.

Announcement was made at noon yesterday by Chairman W. F. Morrish of the executive committee that the quota of the city had been raised. Immediately a huge bell was mounted and during the afternoon it was tolled to announce that Berkeley was a 100 per cent city.

The celebration came to a climax at 8 o'clock last evening, when the honor flag was raised. The ceremony was staged amid colored lights and the spot-lights from 100 automobiles played upon the flag as it was raised. Madame Lydia Sturtevant sang "The Star-Spangled Banner" from an automobile as the flag was raised.

Berkeley's quota of \$2,351,700 had

Stores and Banks Asked to Remain Open Liberty Day

All downtown stores have been requested to remain open all day next Saturday, which has been designated Liberty Day, and by a proclamation of President Wilson is a national holiday. This request has been made by the local Liberty loan committee. All banks of the city, in accordance with the rules governing them on holidays, will remain closed during banking hours, that is from 10 to 12, but the banks have been requested by the committee to reopen at 2 o'clock in the afternoon, and to remain open until 8 o'clock in the evening. This request was made to the banks by the committee in order to facilitate and speed up subscriptions to Liberty bonds on that day.

BIG AMERICAN SHIP IS SUNK IN ATLANTIC

AN ATLANTIC PORT, Oct. 10.—News of the sinking by a submarine of a large American steamship, with the probable loss of many of her crew, was brought here today by a British freighter. The British ship had aboard twenty survivors of the attacked vessel.

It was reported in maritime circles that the U-boat's victim was the Ticonderoga, formerly the German steamer Camilla. Rickmers of 5130 gross tons. The ship was interned at Manila at the beginning of the war.

WASHINGTON, Oct. 10.—Reports from an Atlantic port today of the sinking of an American steamer believed to have been the Ticonderoga, developed the fact that the Navy Department recently was notified that the Ticonderoga had been seen from her, convey at sea. Since then nothing has been heard of the vessel.

ALBANY WINS.
ALBANY, Oct. 10.—Having gone over the top with Berkeley, of which district it is a part, the town of Albany will be presented with a Liberty loan honor flag at patriotic exercises to be held at 8 o'clock Friday evening in front of the Municipal Auditorium.

Mayor Samuel C. Irving of Berkeley will present the honor flag to Mayor O. C. Marr of Albany, chairman of the city's Liberty loan committee, while fireworks and other features will mark the celebration.

NEAR MILLION.
ALAMEDA, Oct. 10.—The complete total received from the banks by Director-General Elmer Johnson in Alameda's Fourth Liberty drive is now \$588,750. The total number of individuals subscribing in Alameda is 7939. These figures indicate that almost every home in Alameda has been a bond purchaser. The committee is leaving no stone unturned to make the million mark by Saturday and feel most hopeful of their success in this direction. At the city hall on Saturday afternoon, at 2 o'clock, the honor flag is to be presented and a program for the occasion is now being perfected.

SCREEN STAR ADDS \$444,000 TO PURCHASES

Oakland was \$444,000 glad to greet Mary Pickford yesterday. Oakland was so rejoiced that in five minutes the citizens had subscribed \$12,000; in forty-five minutes, \$200,000; in one hundred and eighty minutes the record-breaking sale of fourth Liberty government bonds was completed with the beautiful and persuasive screen actress herself writing her name for \$5000 to add to Oakland's quota. When the historical pen had completed the big day's sale, Joseph H. King, chairman of the executive committee, purchased it by signing for a \$5000 Liberty bond.

After Mary Pickford's girlish appeal before the Chamber of Commerce, at whose luncheon she offered to autograph a photograph of herself for every one who would subscribe \$1000 to the federal loan, she found herself a distributor of 40 portraits.

Amid the wildest excitement last night in the Municipal Auditorium she raised the magnificent sum of \$404,000. Among the largest buyers were the California Cotton Mills, \$50,000; the New Sanitary Free Market, \$20,000; many \$10,000, \$5000 and \$1000 subscriptions were taken. For each loan of \$1000 or more Mary Pickford gave a reward of her autographed photograph.

Mrs. Pickford has pledged herself to sacrifice every luxury until war is over. She is the owner of \$350,000 worth of bonds and is still purchasing. She sent today the following telegram to the 143d Field Artillery, now in France, of the two Oakland battalions of which she is godmother.

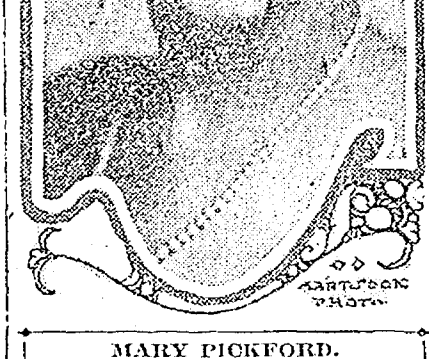

"The people of Oakland are supporting you. Last night they purchased \$404,000 worth of fourth Liberty bonds in less than three hours, and \$200,000 was subscribed in less than three-quarters of an hour. Thank you."

The cablegrams were addressed to Major Ralph Fanout, artillery battalion, formerly assistant postmaster of Oakland, and to Captain Walter J. Petersen, formerly chief of police of Oakland.

Following is a copy of the cablegram sent this morning by Mary Pickford to the 143d Field Artillery in France announcing the results of Miss Pickford's meetings in Oakland yesterday.

"The people of Oakland yesterday backed you boys to \$439,150 worth of fourth Liberty bonds, which they bought from me."

"MARY PICKFORD."

MARY PICKFORD.

**Yesterday's Appearance in
Oakland Ready to Be Put
on Screen Today**

More fascinating than on the screen is such a thing was possible, was Mary Pickford in the flesh yesterday, parading through Oakland's busy streets, and spending the Liberty loan at the Auditorium in the evening.

POWER WIRE FALLS; OAKLAND PEOPLE WALK

Dinner was postponed in Oakland last night. Men and women who had not walked in many months found their feet the most dependable means of transportation. Shoppers were held back to join the throngs of workers. The whole city presented a walking arena. A fall-on-high-tension power wire short-circuited the city system of the San Francisco-Oakland Terminal Railway, endangering hundreds of lives. When the 500-volt line snapped and broke, occurred at Twelfth and Broadway. An Oakland bound Hayward car was passing as the wire fell. The passengers narrowly escaped injury. All over the city a tarry fourth of July display was staged by snapping wires and brilliant flashes of light. The car system was held up several hours while workmen were rushed to the point of accident.

POLICE SEEK TO FASTEN SAFE CRIME

Oakland detectives are in San Francisco today questioning three women and two men, believed to have been responsible for the safe-cracking job at A. Schleuter's store last Sunday night, in the hope of obtaining confessions that will help to convict the suspects in case they are not held for long.

The prisoners are to be taken to Middletown by Sheriff Lou McKelley, who has evidence he believes sufficient to send them to the state prison. A \$100 Liberty Bond, taken from one of the safes in Schleuter's office is said positively to connect the prisoners with the case. The Oakland police had also ascertained, before the arrest of the five in San Francisco, that a woman was connected with the Oakland case.

The discovery that a woman acted as an accomplice in the crime here was made by Inspector Richard McSorley when he was investigating how the safe-crackers gained access to the Schleuter office, and how they made their escape. They had entered the place through a window in the roof of a neighboring building. All the buildings in this block that would give upon the roof in question are office buildings, however, and the fact that all these brought to light the fact that no offices had been rented to persons who had left mysteriously or who had come without explanation.

The only discovery of note was that C. Pites, an employee of the Morton Jewelry Company who works in the building, had found a well-dressed woman in the building one morning when he came to work. She brushed hastily past him, explaining that last night she had been in the building over night. It is now believed that she had been making a quiet investigation of the "lay of the land" for the safe-crackers.

Those under arrest in San Francisco are: Charles Schiaffino, Frank Frankino, Mrs. Frank Frankino, alias Sylvia, Lily Morgan and Mrs. Lee Kelly.

A search of the rooms at Mr. Kelly's flat, at 2810 Gough street, the headquarters of the band yesterday, revealed the most complete lot of safe-cracking tools seized in years, including a leather brief case made to hold two automatic guns, a steel-boring outfit, a compass, a wire, a section of a telephone wire, a hand-cuff, a sectional jimmy and several electric torches.

The Middletown job netted the thieves \$1150, the Oakland safes several hundred dollars and the Metropolitan Life Insurance Company's safe about \$400. At the latter place the thieves made \$1000 of grand larceny in an inner compartment.

2000 WOMEN TO MARCH BY TORCHLIGHT

The Liberty loan committee has made a request for automobiles to be used in the singling pageant that is to be staged on the streets of Oakland on the afternoon of Liberty Day. The machines will be used to carry little children up to six years of age. There will be several automobile loads of such children, which will be utilized by the committee in separating the various singing units of the parading children. The committee asks all those who will volunteer their cars for this purpose to telephone committee headquarters at once.

Mothers of sons in the service will be accorded a signal honor in a torchlight parade which is to be held under the auspices of the local women's Liberty loan committee on the night of Liberty Day, next Saturday, according to an announcement made today by Mrs. E. L. Ormsby, chairman of the committee. According to Mrs. Ormsby there probably will be more than 300 such mothers of Oakland represented in a division of Red Cross workers and automobiles which are now being recruited for the occasion by the women of the committee. At the conclusion of the parade these mothers will be given seats upon the platform at the theater of the Civic Auditorium, where Marie Dressler, the comedienne, will speak under the auspices of the women's committee.

2000 WOMEN TO MARCH.
In the torchlight parade it is estimated that fully 2000 women will march. It will include two floats, the first of which will carry the students of Mills College and one entitled "Victory" upon which Mrs. Everett J. Brown will ride as the Goddess of Victory. The former float will be escorted by a division of Red Cross workers garbed in appropriate uniforms, and the Victory float by members of the women's army. There will be close to 1000 women in each of these two main divisions of the parade. While details of the event have not as yet been announced, the women of the committee who have the affair in hand promise many spectacular features in keeping with the name and nature of the demonstration.

CHILDREN TO SING.
Approximately 7500 school children from the grammar schools of the city will march through the streets of the city Saturday afternoon in a singing pageant of thirty units of 250 children in each. Max Horwinski is general chairman of the singing pageant and Glenn H. Woods, superintendent of music in the public schools, is arranging the musical features of the affair.

At the City Hall Plaza all of the 7500 children will gather within the triangle and under the direction of Woods will sing patriotic songs in unison. Bands will be stationed in ten prominent sections of the downtown districts and conduct concerts until 5 o'clock when the parade will follow an interim until 8 o'clock, the scheduled time for the start of the torchlight parade.

Marie Dressler, who will be the principal speaker at the theater in the Civic Auditorium, will be remembered as one of the biggest Liberty bond selling attractions of the third loan. On the occasion the actress was instrumental in selling about \$85,000 worth of bonds. It is stated that Miss Dressler has fixed a quota for herself in Oakland for the fourth loan considerably in excess of this.

Liberty loan meetings tonight: 7:30 p. m. Southern Pacific railroad men, William Lawrence. 8 p. m. Oakland War Service League, P. Burlingame and J. T. Carmody.

Say, folks!
The "Jumping auto" is to be seen again at IDORA PARK, next Sunday, October 13, at 3:30 p. m. sharp.

Thousands saw the auto jump over two houses last Sunday and crush a third house.

This time the auto will leap clear over all three houses, landing a mass of wreckage on the farthest side of the three bungalows.

Here's a real thriller—a flying automobile, an auto running wild and making a mighty leap at full speed, from a take-off of 45 degrees.

It's Sunday at 3:30 p. m. in the Stadium at IDORA, and it's free to IDORA visitors.—Advt.

For Children Are Children They're Alike Under the Skin

By EDNA B. KINARD
Now, come to think about it—Do the owners of property never, by any chance, have any children of their own? Are they less destructive, less bold, less fond of hammer and nails, more angelic, better reared, more thoughtful, more careful, more entirely in accord with the pattern of the great perfection than the little kids of the parents who rent? Do they not harm their property as much as the children who are their parents' property?

Moreover, and once again—Are those who own and rent property the same? Do they differ from the parents of those who merely pay so much a month for the privilege of having a roof over their heads, or, lacking the coin, lack the roof? Is the holding of property a guarantee that child is better taught, better disciplined?

You know that is not so. You realize the conclusion of the whole matter is that people are people, the world over, men are men, women are women, parents are parents, children are children.

VIEN CITY AWAKENS.
Why stumble, then, at this moral and patriotic problem which confronts the city in providing that no discrimination is offered against the family in which there are children seeking a home?

When Oakland awakens to its magnificent opportunity and the future which is its for the taking it will know that its safety and integrity are its homes. It will not put a premium on race suicide nor translate life in terms of property and dollars rather than children.

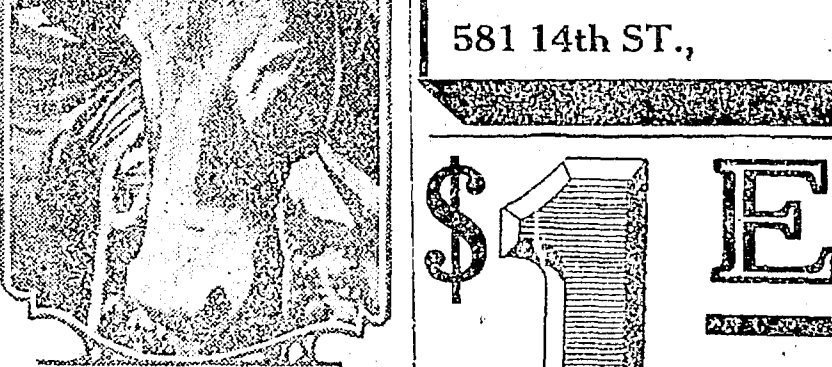

It will know that the damages wrought by careless adults are even more expensive than those wrought by youngsters. The man or woman who rents dwellings or property has troubles and problems—heaps of them—but when the toll is taken the adult problem is even vaster than the child problem.

Why have prayers answered that the country awaken to the advantage of this city? Why invite industry? Why become the shipbuilding and manufacturing center of the world if the sign is to go up: "No dwellings rented to children?" It is the death sentence.

Let this house owner speak for herself:
"I have just rented my house to a family consisting of a father, mother and two boys.

"The family who have taken it drove up in an automobile. The mother came in, inspected the house and announced that she would take it. I was pleased, for she seemed a woman of refinement. Out came the fatal truth—she had two boys. I explained to her, gently and firmly,

WILL ROGERS

"Laughing Bill Hyle," Rex Beach's splendid picture story of the great Northwest, is attracting large and enthusiastic audiences to each performance at the American theater this week. Those who enjoy seeing a film production that is decidedly out of the ordinary and a screen star possessed of the most original and unique personality ever displayed in the silent drama, should not fail to see this really extraordinary photograph.

Will Rogers in "Laughing Bill Hyle," the man who never deserted a friend in time of peril and who always faced danger with a cool head and a smile on his homely, good-natured face, gives a remarkable character portrayal.

This latest Rex Beach-Goldwyn production unfolds a story that is intensely human and appealing and while it abounds in exciting adventures, dramatic and thrilling situations, it runs through the entire tale a vein of the most delightful humor imaginable.

The other feature presented on the same program is "Laughing Bill Hyle," a special Liberty loan film shown as an unusual interlude.

This program will continue at the American tomorrow and Saturday—Advertisement.

DOUBLE YOUR LOAN, M'ADOO VICTORY PLEA

WASHINGTON, Oct. 10.—Secretary McAdoo appealed to every citizen to double his loan subscription to match the achievements of the allied armies in France.

"The brilliant victories of our British, American and French forces yesterday," said the secretary, "should impel every patriotic American immediately to double his subscription to Liberty Bonds. That is the way to put the Fourth Liberty Loan over and that is the best way to strengthen the fighting power of these brave men who are moving with such irresistible dash and success against the Hun."

"Let every one double his subscription today, and let every one who has not subscribed make his subscription today. Don't put it off. Let our boys and their comrades in the battle line know that we are fighting with the same enthusiasm and determination as they are over there, and more than all that we appreciate as well as glory in what they are doing, not by words, but by deeds."

A city ordinance is the only way in which to do it, then a city ordinance is a war necessity for the protection of the municipality and the protection of the property owners themselves.

She's the Sweetest Girl in Town:

with her mouth closed—but when it's open—Oh Scissors!

She was on the rear end of a crowded street car. She was as pretty as a picture until she opened her mouth and made a show of her neglected teeth. "They were—Oh, what's the use. Somebody is to blame for this dental tragedy. Was it her mother? If you, good parents, would spend a few hours in a dental office and see the tragedies of dental neglect you would not allow your girls and boys to continue their preparation for an early demise. Get busy and keep busy.

For twenty-two years I have been practicing Class-A dentistry at prices within the reach of all. Twenty-two years of dependable dentistry stand behind my guarantee. My analgesic method assures you of dentistry that is painless and safe.
